Fagan, Susan 8:25 AM:

good morning

Fagan, Susan 8:26 AM:

thanks for saving our bacon on Friday night

Michael Hessling 8:26 AM:

Hi Susan.

Fagan, Susan 8:26 AM:

I told Lin how much you helped make it happen

Michael Hessling 8:26 AM:

Doesn't feel like it.

Michael Hessling 8:26 AM:

I think you and LeAnn would have done it, too.

Michael Hessling 8:26 AM:

So weird to read about it.

Fagan, Susan 8:27 AM:

Yeah but we would not have gotten fast purges done I think

Fagan, Susan 8:27 AM:

and that is what NG cares so much about

Fagan, Susan 8:28 AM:

do we need to rename the 3 sites in the webcms so CD can work on them?

Fagan, Susan 8:28 AM:

she wants to continue to fix all the links before they are archived

Michael Hessling 8:29 AM:

Yes, we do.

Fagan, Susan 8:34 AM:

Another question

Fagan, Susan 8:34 AM:

But if we do rename them, and they remain published won't they show up on this list with the new name?

Fagan, Susan 8:35 AM:

<https://www.epa.gov/topics-epa-web>

Michael Hessling 8:36 AM:

Yeah, they'll show up twice.

Fagan, Susan 8:36 AM:

that is not what we want

Fagan, Susan 8:36 AM:

maybe we need to un publish them and rename them

Fagan, Susan 8:37 AM:

and then just republish them shortly before we archive them?

Michael Hessling 8:37 AM:

That would work.

Fagan, Susan 8:37 AM:

we need to think that one

Fagan, Susan 8:37 AM:

through

Fagan, Susan 8:38 AM:

will the global apache redirect interfere with archiving?

Fagan, Susan 8:38 AM:

could we do it all on D3?

Michael Hessling 8:38 AM:

CC: <https://wcms.epa.gov/node/37925/group>

CPP: <https://wcms.epa.gov/node/40801/group>

CPPT: <https://wcms.epa.gov/node/45751/group>

Michael Hessling 8:39 AM:

If we rename it, the URL will change.

Michael Hessling 8:39 AM:

So the global redirect will not be a factor.

Michael Hessling 8:39 AM:

We will have to do a global search-replace on archive so that the original URL is back.

Michael Hessling 8:39 AM:

Like, right now, CC is no hyphen, right?

Fagan, Susan 8:39 AM:

right

Michael Hessling 8:39 AM:

We can rename it in the system to c-c.

Fagan, Susan 8:39 AM:

what I was thinking

Fagan, Susan 8:39 AM:

yeah

Michael Hessling 8:39 AM:

That way, CD can work on it.

Fagan, Susan 8:39 AM:

yes

Michael Hessling 8:40 AM:

We archive it to archive.epa.gov, and it will be archive.epa.gov/epa/c-c/something.html

Michael Hessling 8:40 AM:

We go to that folder, update everything to remove the hyphen.

Michael Hessling 8:40 AM:

And change the folder name.

Michael Hessling 8:40 AM:

As well as updating any link to www.epa.gov/cc to point to archive.epa.gov/epa/cc

Michael Hessling 8:41 AM:

I've given you the group dashboard links for the three sites.

Fagan, Susan 8:41 AM:

yes

Fagan, Susan 8:41 AM:

I gave her the one on Friday night

Michael Hessling 8:41 AM:

D3 is affected, too.

Fagan, Susan 8:41 AM:

but she did not know to use the edit button

Fagan, Susan 8:41 AM:

What I mean is

Fagan, Susan 8:41 AM:

D3 does not go out to the public right?

Michael Hessling 8:42 AM:

No, it does not. But it shares the same database as d1/2 that do go out to the public.

Fagan, Susan 8:42 AM:

so could it help us for archiving we have to republish

Fagan, Susan 8:42 AM:

?

Michael Hessling 8:42 AM:

No because it shares the same database as d1/2.

Fagan, Susan 8:42 AM:

ok

Michael Hessling 8:43 AM:

So what's our next step?

Michael Hessling 8:43 AM:

Do we unpublish the three sites?

Fagan, Susan 8:43 AM:

we need to talk about this morning at 10

Michael Hessling 8:43 AM:

Then change the names?

Michael Hessling 8:43 AM:

The URLs I gave you will still work (node #s never change).

Michael Hessling 8:43 AM:

OK

Fagan, Susan 8:43 AM:

right

Michael Hessling 8:43 AM:

Are you leaving at 1030 to do the search thingamabob?

Fagan, Susan 8:43 AM:

They want it off the A-Z list

Fagan, Susan 8:43 AM:

No

Michael Hessling 8:43 AM:

John said you were.

Fagan, Susan 8:44 AM:

Maybe

Michael Hessling 8:44 AM:

OK

Michael Hessling 8:44 AM:

Heh

Fagan, Susan 8:44 AM:

we will see what Lin wants

Michael Hessling 8:44 AM:

The way off the A-Z list is unpublishing.

Fagan, Susan 8:44 AM:

I know

Fagan, Susan 8:44 AM:

the topics list

Michael Hessling 8:44 AM:

Yeah.

Fagan, Susan 8:44 AM:

I am editing the manual A-Z list

Michael Hessling 8:44 AM:

What about all those other CC sites?

Michael Hessling 8:44 AM:

Any word on those?

Fagan, Susan 8:45 AM:

not yet

Fagan, Susan 8:45 AM:

but I bet the word comes

Fagan, Susan 8:45 AM:

there is also some live espanol CC stuff

Fagan, Susan 8:45 AM:

that no one told us to take down

Michael Hessling 8:46 AM:

Right.

Michael Hessling 8:46 AM:

CC and You.

Fagan, Susan 8:46 AM:

On Saturday Le Ann had to edit the w3 .htaccess file

Fagan, Susan 8:46 AM:

because some w3 urls were still working

Michael Hessling 8:47 AM:

Yes, I saw that.

Fagan, Susan 8:47 AM:

Peter told me about them On Saturday

Michael Hessling 8:47 AM:

You gave her the right direction.

Michael Hessling 8:47 AM:

Be right back.

Fagan, Susan 8:48 AM:

k

Fagan, Susan 9:11 AM:

I am not going to the search mtg at 1030

Fagan, Susan 9:11 AM:

I won't be of any help since I think it is a bad idea

Fagan, Susan 10:12 AM:

Do we have archive for Spanish? Do they have access to do the work.

Fagan, Susan 10:26 AM:

Danny and Lina both said ok to one page with both languages

Michael Hessling 10:26 AM:

Yeah. That's good.

Michael Hessling 10:27 AM:

So just waiting for the content from Lina and the goahead.

Fagan, Susan 10:27 AM:

yes

Michael Hessling 10:27 AM:

I think we can do the redirects right in the DWCMS for Spanish.

Fagan, Susan 10:27 AM:

ok

Fagan, Susan 10:27 AM:

since it is much less global

Fagan, Susan 10:27 AM:

and I think you will have to later add in the other press release

Michael Hessling 10:27 AM:

Yes; something like under 10 pages.

Michael Hessling 10:27 AM:

The Spanish PR?

Fagan, Susan 10:28 AM:

she is writing a press release

Fagan, Susan 10:28 AM:

Lina

Michael Hessling 10:28 AM:

OK. Something like [en espanol] after the link to the English PR.

Fagan, Susan 10:28 AM:

I guess

Fagan, Susan 10:28 AM:

Don't know

Fagan, Susan 10:28 AM:

Lina is doing it

Fagan, Susan 10:59 AM:

[https://appropriations.house.gov/uploadedfiles/05.01.17_fy_2017_omnibus - interior - summary.pdf](https://appropriations.house.gov/uploadedfiles/05.01.17_fy_2017_omnibus_-_interior_-_summary.pdf)

Michael Hessling 11:21 AM:

Here's the thing: I don't know that Lina/Reggie can archive those pages.

Fagan, Susan 11:21 AM:

because....

Michael Hessling 11:22 AM:

I don't think it's open to System Editors.

Fagan, Susan 11:22 AM:

Oh I know

Fagan, Susan 11:22 AM:

we can do it

Michael Hessling 11:22 AM:

OK.

Fagan, Susan 11:22 AM:

That is not the issue

Fagan, Susan 11:22 AM:

I just want to know that it works

Michael Hessling 11:22 AM:

Danny wrote that Reggie/Lina should; I keep getting tripped on that line.

Fagan, Susan 11:22 AM:

He wrote them back and said OEI will do it

Fagan, Susan 11:23 AM:

I just want to know that we are confident it will work

Michael Hessling 11:23 AM:

I'm confident.

Fagan, Susan 11:23 AM:

have we ever tried to archive any espanol content?

Fagan, Susan 11:23 AM:

ok good

Michael Hessling 11:23 AM:

No. But that's only because we've never been asked.

Michael Hessling 11:23 AM:

I can check if a page has been.

Fagan, Susan 11:24 AM:

How about if I publish an obscure espanol page and then archive it shortly after

Fagan, Susan 11:24 AM:

then you and Peter can make sure it does what it needs to do

Peter Buch 11:24 AM:

Sure. I bet it'll be a great page, Susan.

Michael Hessling 11:24 AM:

<https://archive.epa.gov/epa/seguridad-laboral-al-usar-pesticidas/estandar-para-la-proteccion-del-trabajador-agricola-revisado.html>

Michael Hessling 11:25 AM:

Archived on March 23.

Fagan, Susan 11:25 AM:

ok great

Fagan, Susan 11:25 AM:

hey Mike

Fagan, Susan 11:26 AM:

do we have Climate Change in the Espanol site IA list?

Fagan, Susan 11:26 AM:

yes we do

Michael Hessling 11:26 AM:

Yeah: <https://espanol.epa.gov/espanol/el-cambio-climatico-y-usted>

Fagan, Susan 11:26 AM:

You are going to need to edit that menu right?

Michael Hessling 11:26 AM:

Take it off?

Michael Hessling 11:26 AM:

I can.

Fagan, Susan 11:26 AM:

let me ask but I assume it is a yes

Michael Hessling 11:26 AM:

OK

Fagan, Susan 11:27 AM:

so Peter

Fagan, Susan 11:27 AM:

<https://archive.epa.gov/epa/seguridad-laboral-al-usar-pesticidas/estandar-para-la-proteccion-del-trabajador-agricola-revisado.html>

Fagan, Susan 11:27 AM:

that means it works the same, right?

Peter Buch 11:28 AM:

That's a win.

Fagan, Susan 11:28 AM:

ok great

Fagan, Susan 11:30 AM:

I guess that is it for now

Fagan, Susan 11:30 AM:

thanks guys

Michael Hessling 11:34 AM:

Thank you, Susan.
